

## Join Unlocked!

24 hours of non-stop work on performances with an international group of young people: meet Unlocked. In Antwerp, Manchester and Tilburg, young people will work under the guidance of an artistic coach, each in their own special venue. They'll work together intensively and simultaneously from Friday evening the 13th to Saturday evening the 14<sup>th</sup> of August. Their creative process can be followed (live) on Instagram and Facebook and the groups will regularly post updates and give each other assignments via these platforms.

Project Unlocked originated from De Opsluiting, a creative initiative that was cancelled last year due to the pandemic. Back then, the intention was for the participants to be locked up together for 24 hours.... but this year we will open our doors again! Unlocked takes place in Tilburg during the Kaapstad festival. The home base in Tilburg is Cinecitta, but the participants also go out into the city centre to work on creative assignments.

Want to join Unlocked? You can register if you are between 17 and 27 years old and are experienced in theatre, dance, music, spoken word or visual/digital art. You must be available on August 13th, 14th and 15th (there will be a joint closing on Sunday). You will spend the night of the 13th of August with your group and the artistic coach in the Cinecitta. Participation is free. In the event of a large number of applications, we will make a selection based on a good balance in artistic disciplines.
